MEMORANDUM.

This List of Poor Law Unions* in England and Wales is so arranged as to show the Poor Law Parishes† of which each Union consisted on the 1st day of April 1897. Footnotes have been added to show any alteration effected in a Union or Parish between that date and the 15th day of April 1898.

Since the last List of Unions and Parishes was published in the year 1887, many alterations have been made in the areas of Parishes by operation of the Local Government Act 1894, and of Orders made under the provisions of that Act and of the Local Government Act, 1888, as well as under the provisions of various Local Acts.

The tabular portion of this List sets forth in four columns the following particulars :—

1. Name of the Poor Law Union with the names of the Parishes included therein arranged alphabetically under county divisions where the union is situated in more than one Administrative County, and with the description of each place, viz., Parish, Township, Chapelry, &c.
2. Population of the Parish.
3. Its area in statute acres.
4. Post Town.

The total population and total area of each Poor Law Union are also given.

(Col. 1.) As regards the names of the Parishes, it may be explained that, in consequence of the variations in this respect which are continually occurring, the Board have found it necessary in their Orders to observe some uniform rule, and in those documents they have for some time past followed the spelling of the name of a Parish as it appears in the Order declaring the Union in which it is contained, except where the spelling of the name has been altered by an Order issued since the date of the Declaration Order. In any such case the Board's practice is to follow the altered spelling. The same rule has been adopted in the present List.

The descriptions of the several places correspond, as a rule, with those in the Census Report of 1871.

(Cols. 2 and 3.) As regards the population and area of the Parishes, the List follows the last Census Report in the cases of those Parishes in which no alterations in area have been made. In those cases in which changes in the areas of Parishes have been effected between the date of the Census and the 1st of April 1897, and in which the figures as to the acreage and population of the area affected could not be ascertained from the Census or from the correspondence relating to the alteration, the estimated acreage and population have been obtained from the Clerk to the Guardians.

* The expression "Poor Law Union" includes a Parish under a separate Board of Guardians.

† A Poor Law Parish is a place for which a separate Poor Rate is, or can be, made, or a separate Overseer is, or can be, appointed.

(Col. 4.) The Post Towns have been revised by the Clerks to the Guardians.

The meanings of the abbreviations used in the List are as follows :—

BRISTOL INCORPORATION:

(*a*) By the Bristol Corporation Act, 1897, the County Borough of Bristol was extended on the 31st October 1897, by the addition of Saint George and Stapleton and part of Horfield (Barton Regis Union), and parts of Bedminster Without, Easton in Gordano or Saint George's, Long Ashton, Portbury, and Portishead (Bedminster Union), and part of Brislington (Keynsham Union). From and after the 31st March 1898, the said parts of Easton in Gordano or Saint George's, Long Ashton, Portbury, and Portishead were added to South Bristol, and the parts of the other Parishes added to the City became separate Parishes. The Act provided that the area included in the City should from and after the 31st March 1898 be formed into the Bristol Union, and by the County Borough of Bristol (Bristol Parish) Confirmation Order, 1898, the Parishes of Central Bristol, North Bristol, Saint George, South Bristol, and Stapleton were united from and after the 31st March 1898 to form the Parish of Bristol. The new Bristol Union comprises the Parish of Bristol and the three Parishes formed of the parts of the former Parishes of Bedminster Without, Brislington, and Horfield, situate in the County Borough. These three Parishes have not been formally named.
